Northern Nuggets

A very enjoyable evening was spent at Albert school Friday, March 11 when the community held a shower for the newlyweds Mr. and Mrs. Johnny Randall. Mrs. Stanton Coulman led a sing song. The evening was spent at Court Whist, followed by a few contests. Gifts had been placed in a large "box," which, when brought forth, proved to be a miniature McFarland's Store. In a few well chosen words, Mrs. Allan Larson made the presentation to Irene and Johnny who then proceeded to delve into the store for a large number of beautiful and useful presents. The bride fittingly expressed her thanks and a bountiful lunch served by the hostesses Mrs. R. Lukens, Mrs. H. Bars, Mrs. E. C. Prior and Mrs. S. Coulman, Mrs. A. Pierce, Mrs. R. V. Prior brought the evening to a close.

Friends of Mr. Ivan Currie who has been a hospital patient in Mannville for over a week, will be pleased to hear that he is making good progress from an attack of bronchial pneumonia. However, Mrs. Ivan Currie is a hospital patient this week.

Meas. Eric Prior, W. Kuvica and G. Coulman were city visitors recently, as were Mr. and Mrs. R. B. Allen.

We understand that congratulations are in order this week for two old-time residents of this north Irma district. Mr. J. H. Archibald and Mr. John Fleming. Both these gentlemen celebrate their 80th birthdays this week.

Get well wishes are also extended to Mrs. Larson Sr. who is a hospital patient.

Buffalo Coulee W.I. met at the home of Mrs. Edgar Jones on Tuesday, March 15. Twelve members and three visitors answered the roll call with an Irish joke. The evening session was held in the school auditorium on March 30 was discussed and planned for, also the W.I.'s anniversary supper on March 18 at Albert. A donation is being made to the Archibald Society as a March objective.

Mrs. A. Fleming plans to ship her woolsens to the mill next week.

EASTERLY ECHOES

Stuart Fenton is at the Calgary Bull Sale with a number of bulls from his own herd.

RECENT BRIDE FETED AT SHOWER

On the evening of March 12, Mrs. Johnny Randall—the former Irene Larson—was guest of honor at a bountiful miscellaneous shower held in the Irma Legion Hall.

The hall was gaily decorated with pink and white streamers and wedding bells. A store counter was erected to bring to mind the courteous and efficient service Irene has given at J. C. McFarland Co. store, while part of the decoration was given over to orchestral sheet music as a reminder of Irene's work with Ole Nissen's orchestra.

When the bride arrived she was led by Mrs. R. A. McFarland to the seat of honor. Her mother, Mrs. L. A. Larson and her sister, Mrs. C. Lukens, were placed beside her. Mrs. R. B. Kirkman then led a jolly sing along and Mrs. Symington and Mrs. Coffin conducted two good contests. A vocal duet followed sung by Miss Jeannette Pond and Miss Joan Nissen. "The Band Wagon" was then pulled in by Trudy Coffin and the bride was called upon to unwrap a splendid array of lovely shower gifts. In this she was assisted by her mother and sister. When these had been duly admired by all, Irene warmly and fittingly expressed her thanks. A delicious lunch was then served by the hostesses, Mesdames R. C. McFarland, R. A. McFarland, S. Brown, E. Sharkey, O. Nissen, C. Jones, R. O. Larson, F. Jack, W. Symington, K. Coffin and L. Meier.

PASSCHENDALE WIN HOCKEY TROPHY

On Saturday, March 12, the farmers held their annual hockey tournament in Wainwright. Six teams entered and Passchendale came out on top by beating Greenshields 3-2, Chauvin 4-3 and the last game 9-2 over Buffalo Coulee.

This is the third year that Passchendale has won the trophy out of four years.

Ken Fischer had the misfortune of getting hit by a stick and required three stitches.

Passchendale lineup: Bob Dunbar, Ken Fischer, Bill Fischer, Joe Rohrer, Joe McCarr, George Carpenter, John Hill, Zig Gulbraa, Dave Holt, Charlie Allen, Ronnie Prior, Jack Kennedy and Bill King. Manager, Bill Patterson.

WITH THE District Agriculturist

By J. S. Duncan

SEED TREATMENT

Seeding a field is quite an expensive operation. In many cases the returns from a field are greatly reduced because of disease or insects. This year a lot of seed is a little weak to plant with so it is all the more important that it be given every possible chance.

At the present time the Mercury compounds are the best seed treatments we have. These compounds come as oil seed dressings, dry forms and dry dusts. All are effective seed treatments and there are many trade names to choose from. These compounds are poisonous so follow the directions on the container carefully.

For control of wireworms use one of the seed dressings containing Benzene-hexa-chloride. This compound is very effective and the results last from three to five years.

Don't use formaldehyde as this can reduce the germination of your seed badly. If you are thinking of using one of the non-mercurial compounds, make sure that it is recommended for the diseases common in your district. Some of the non-mercurials on the market now are only effective for one disease.

Now is the Time

To decide how much land you want to seed down to forage crop this spring and to order the seed you require. It is true that forage seed is up a little this year compared to last but it is still good value. The increased returns from seeded pasture and hay land soon repay the initial expense. There is a good bulletin on "Hay and Pasture Crops for Alberta" which discusses grasses and legumes and mixtures of these for different conditions. These bulletins are available at my office, drop in and pick up a copy or write to me for one.

Vitamin A for Beef Cattle

Farmers in this district lost calves from Vitamin A deficiency last year and it is expected that the same thing could happen again. Symptoms of the deficiency vary somewhat, but weakness, scours, watery eyes and night blindness are common. More advanced stages are staggering, convulsions and stiffness of legs or neck. This deficiency also leaves animals very susceptible to other diseases.

If your hay is not of top quality it could pay well to give a vitamin A supplement to pregnant and nursing cows at least and possibly to calves as well.

Neighbors Welcome The Raasoks

Last Sunday evening a large number of friends gathered at the Steffensen home to welcome Mr. and Mrs. O. Raasok and girls back to the neighborhood. Mr. M. Reitan was chairman for the occasion. The group joined in singing many well-known hymns. Erling Nilsson read a portion of Scripture. Mrs. C. Gulbraa and Mrs. Erickson sang a duet. Mrs. Likness read an appropriate poem entitled "Neighbors." Solos were sung by Mrs. Pedel and Erling Nilsson.

Then Mrs. Raasok was asked to relate some experiences during their eleven months' visit to Norway. Solveigh obligingly told us some of the highlights which were most interesting. She told about the many preparations and customs in getting ready for Christmas. She told about the great sport of skiing which she took part in one sunny winter day. Solveigh assured us that it was good to be home again, although they had enjoyed their visit to Norway very much.

A delightful lunch brought the evening to a pleasant ending.

BANK TO FINANCE GAS PIPELINE

OTTAWA—Representatives of Trans-Canada Pipe Line and the Industrial Development Bank have reached a tentative agreement for financing its 2,350 mile natural gas pipeline to eastern Canada.

Official sources in Ottawa say that the formula for federal aid in financing the pipeline will be forwarded to the federal cabinet this week.

Details of the scheme discussed by bank and company officials have not been disclosed.

Golden Jubilee

SONG WRITERS' COMPETITION

This competition is open to amateur and professional song writers of Alberta, and entries will be received up to April 15th, 1955.

\$750.00 in prizes will be awarded to the compositions considered by the judges to be the best submitted. A substantial sum of money will be awarded to the most outstanding entry.

Compositions previously published will not be eligible. Songs may be for solo voice or unison singing as well as part-songs for two, three or four voices. If the compositions are destined to have a full piano accompaniment, this MUST be provided. Full details may be obtained from the Jubilee Committee (address below).

PLAY WRITING COMPETITION

Entries for the Jubilee Play Writing Competition will be received up to June 30, 1955.

Plays must have a playing time of not less than one hour and three-quarters, but no restrictions are made as to the division of play material into acts.

Plays must be original and should be typewritten, double spaced and typed on one side of the paper only.

Three plays will be bought at a price of \$250 per play and these plays will be made available to groups wishing to use them as part of the Jubilee activities, free of royalty during the remainder of 1955.

A MONEY MAKER

Every farmer should sow a few acres of clean land to some Registered seed each year. This has been found to be one of the best money-makers for the farmer. The cost is very little. See the nearest Searle Agent for varieties and prices delivered.

SEARLE GRAIN COMPANY, LTD.

FERTILIZERS AND SOIL FERTILITY

Conservation of soil fertility is one of the great roles of fertilizers on farms of the Canadian Prairies, according to T. C. McBeath, Prairie manager, Chemical and Fertilizer Sales Divisions, the Consolidated Mining and Smelting Company of Canada Limited, Calgary.

Increased yields, earlier maturity and better grades from the use of fertilizer means reduced cost of unit production and greater profit to the farmers.

In terms of years to come, only with proper and ample fertilization along with good farming practices can soil fertility be maintained assuring farmers of a high standard of living. Without fertilizers soils will become depleted, yields will decrease, the margin of profit will disappear, and farmers will no longer enjoy a satisfactory standard of living.

SCIENCE IN YOUR LIFE

Speeding Recovery

The dramatic advances of recent years in medicine have not only saved many lives but have greatly shortened the duration of acute illness. Their effect on convalescence, however, has not been so great. Antibiotics and pneumonia in days, but weeks may pass before the patient is back at work.

Speed of recovery from illness or injury is related to nutrition. In the stress of illness the body demands extra nutrients. Studies show that recovery is speeded if that demand is met. The National Research Council, foremost nutritional authority in the U.S., has worked out a special vitamin supplement, called a "stress formula," which holds promise of aiding the repair of tissues and speeding recovery.

The vitamins needed most during convalescence are the B group and vitamins C and K, and according to the NRC, about 5 times the normal intake is required upon recovery.

Since no practicable diet can meet this standard, Chas. Pfizer & Co. has devised a convenient and economical solution to the problem. Two broad-range antibiotics, Terramycin and Tetracycline, have been combined for the first time with the stress formula and dumped it to Bill Schmitz, who notched the winning goal with only four minutes remaining.

The new development in stress-fortified antibiotics is expected to make it possible for the physician to treat the whole patient as well as the specific disease. To the patient, the prospect of a shorter recovery period holds promise of lightening his economic load, too.

Viking Ice Show Friday, March 25

(From The Viking News)

The Viking Figure Skating Club presents "Amateur Talent," its first Ice Show, Friday, March 25 at 8 p.m. in the Viking Arena.

With a supporting cast of Chester Armstrong and associates, the Viking club have been practicing faithfully for this final show of its season with all of the members taking part. Mrs. Len Carrington, along with other members of the executive, is in charge of costumes.

The highlight of the show will be the crowning of the Carnival Queen who will reign for one year. The sporting fraternity of the town are sponsoring each of the candidates which are as follows:

Curling Club—Marnie Brower.

Senior Hockey Club—Myrna Djuve.

School Hockey Clubs—Marjorie Skaret.

Tickets will be sold as votes for each of the candidates at 25c each, entitling the voter to a chance on a grand prize.

Help put this first show over by turning out and also voting for your favorite carnival queen candidate.

Gas Kings Ousted In Play-off Series By Vermilion

VERMILION — Vermilion's never-say-die Tigers clinched a gruelling uphill grind here Saturday night with a thrilling 4-3 win over Viking Gas Kings to win their best-of-five Eastern Alberta Hockey semi-final three games to two with one game tied.

Tigers, who ended fourth in league play, came from the brink of elimination to capture the last three games after Gas Kings, who were league champions, had won the first two. The Vermilion squad will now league finals.

A record crowd of 1,184 fans saw Tigers come from behind a 3-1 deficit in the second period to score the win. Elmer Kreller carried the puck down the ice and dumped it to Bill Schmitz, who notched the winning goal with only four minutes remaining. Bill Novak had tied the count earlier in the period when Kings were a man short.

Other Vermilion goals were scored by Stew Cooper and Bill Scherban, while Viking marksmen were Bjork, Tom Dunnigan and Bill Masson.

Local Bantams - Midgets "Cleaned" by Edmonton West-End Cleaners

Two teams representing Edmonton West End Cleaners and Joy Appliances played the Viking Legion Gas Jets in the Carsons last Friday night.

The first game saw the West End Cleaners win by a score of 3 to 2 over the locals. Jets goals were by Roy John McArthur and Bob Otto.

The second game was very fast and kept the small crowd in attendance busy watching the play. Joy Appliances midgets outscored Viking 5 to 2.

Playing in Edmonton's Varsity Stadium Saturday night, the Bantams held the reinforced Joy Appliances team to a 2-0 score. Both Edmonton goals were made in the third period. The Midgets, sparked by the 3-goal effort of Lloyd Andrukow, put up a good battle but lost to the West End Cleaners by a narrow margin, 6 to 4. Don Briggs tallied the other Viking score.

HOCKEY TALKIE

Well, the Viking Gas Kings were beaten by Vermilion on Saturday night (or, from reports heard, Huxby, the referee, beat them). However, it was a good close game and not being present that night, we cannot voice our views about the game. Time to start thinking about next year's club.

WORLD OF WHEAT

by W. G. Malaher

Director, Research Department,
Searle Grain Co., Limited.

OF INTEREST TO FARMERS

Not all farmers are located
within easy reach of an Experi-
mental Station or are able to
visit one of the demonstration
plots planted and cared for at
various points by elevator agen-
cies. For this reason some will
not have the opportunity very
often of seeing and comparing
as they grow side by side, the
various varieties of grain that
are raised in Western Canada.

As a service to farmers the
"Crop Testing Plan" will be
glad to send, free of charge, a
set of true-to-variety seeds of
some thirty different varieties,
enclosed in an envelope and
ready for sowing, to any farmer
who is willing to sow and care
for a small plot on his farm.

Such a plot will provide an op-
portunity for him to compare
the performance of different va-
rieties under local conditions.
The lots of seed include not
only the standard varieties of
wheat, oats, barley and flax, but
also some of the newer varieties
which have been licensed dur-
ing the past year. Full instructions
for planting will be sent
with the seeds, and stakes show-
ing the name of each variety will
be distributed at a later date.

Those interested should apply
to the Crop Testing Plan, 361
Grain Exchange Building, Win-
nipeg, as soon as possible, since
the supply of seeds is limited
and requests will have to be
handled in strict rotation.

Children Learn Easily

Scientists are finding that it is
much easier to learn when you're
young. Dr. Wilder G. Penfield, di-
rector of the Montreal Neurological
Institute, says that children can
learn a second and even a third lan-
guage without any effort. The brain,
he points out, is a living organ
that goes through various physical
changes and soon becomes too old
to learn languages.

Learning a language is the human
brain's first miracle, according to
Dr. Penfield whose conclusions are
based upon studies made during
the course of therapeutic surgery
on humans. Among the many
features of the learning process
is the desire to gain knowledge. The
development of speech is prompted
by the need to make demands and
express ideas. Through "trial and
error," insight, study and practice,
the youngster discovers the correct
way of expressing himself and then
speech becomes a reflex action.

The child will usually learn faster
and retain his knowledge longer if
he studies correctly. If taught prop-
erly, applies what he learns and gets
results—praise and pleasure—from
his accomplishments.

Dr. Penfield found that young-
sters will learn a foreign tongue
easily if they are associated with
those speaking the other language
before they reach the 10 to 14 age
group. He believes that bilingual
Canada is an excellent place to ap-
ply this knowledge of the language-
learning process.

Report From the Legislative Halls

By Donald F. Smith

EDMONTON—Activities in
the Alberta legislature on the
two private members' days last
week had Social Crediters re-
miniscing about the hectic days
during the first four or five
years of the party's regime,
when the charges flew back and
forth across the floor and some-
times within the Social Credit
ranks themselves. And, in the
press gallery none of the writers
were complaining of having to
write dull copy.

It all stemmed from the re-
quest of the Progressive Con-
servatives for a judicial inquiry
into the dealings surrounding the
government purchase of lands
for a jail at Chestermere Lake,
just east of Calgary, and the
charges of Paul Brecken, Cal-
gary Conservative, that there
were suspicions concerning why
a middleman took an option on
the land, then sold it to the go-
vernment a few weeks later, mak-
ing an "exorbitant" profit.

The matter reached its cli-
max when Attorney-General Lu-
cien Maynard spoke last week,
charging Mr. Brecken would
have reservations about repeat-
ing some of his statements under
oath. The Conservatives per-
haps will have an opportunity to
make them under oath in court, Mr.
Maynard said, because he
(the attorney-general) served
The Edmonton Journal notice of
intention to take civil court ac-
tion for libel under the federal
Defamation Act.

His solicitors, he told the leg-
islature, checked an editorial,
entitled "Mr. Maynard's Posi-
tion," carried by The Journal
on Saturday, March 5, and ad-
vised him to take action.

In connection with a judicial
inquiry, the attorney-general
said he would oppose it on the
ground Mr. Brecken had over-
elaborated the preamble of the
resolution calling for the inquiry.
The Conservative, he said, had
made statements and charges in
the legislature which rightly
would have been the subject
matter of the inquiry and, al-
though his position probably
would be misunderstood, he was
opposing the proposal.

The legislature voted down
the resolution by a vote of 49
to nine, with all the opposition
members except R. Earl Ansley,
Independent Social Credit leader
for Leduc, supporting the resolu-
tion.

Earlier in the week, Premier
Manning had accused Mr. Brecken
of getting into the political
gutter by trying to impute dis-
honesty to one of the cabinet
ministers in the land transac-
tion. And although Mr. Brecken
did not name anyone, the pre-
mier said it was clear he meant
Mr. Maynard.

Anyone who would employ
such tactics, the premier said,
branded himself a "would-be char-
acter assassin" and he said he
had heard that political oppo-
nents, despairing of defeating his
party any other way, were re-
sorting to character assassina-
tion in efforts to discredit the
government party.

On the days of government
business, the debate on the bud-
get moved slowly forward, the
members hearing from J. Har-
per Proove, Liberal leader of
the opposition, Education Min-
ister A. O. Aalborg and Economic
Affairs and Public Works
Minister A. J. Hooke.

From the budget total, \$223,
963,979, Mr. Proove came up
with the phrase that it was a
"222 budget" and said that a
"222" is an aspirin fortified with
codeine and caffeine, prescribed
for temporary relief but never
considered a cure for anything.
He charged Treasurer C. E. Ger-
hart was budgeting for a deficit
but also was under-estimating
potential revenues and could
well reduce some of the provin-
cial taxes, like the amusement
tax, the fuel oil tax and the un-
earned increment tax.

The unearned increment tax,
he said, hits most strongly at
farmers who sell their land and
they are the ones most in need
at the present.

Mr. Aalborg's task was to try
and explain the plans for giving
aid to school boards and the
most difficult part was to out-
line the new tax reduction sub-
sidy grant formula. Explanations
of the formula are being mailed
to all school boards.

Essentially, it assists school
boards which can hold the line

ALBERTA'S PUBLIC HEALTH PROGRAM

The most precious possession
of any individual is his health.
Similarly the most valuable of
all resources of any country is
the health of its people. Alber-
ta's Department of Public
Health exists to safeguard this
resource by seeking to prevent
disease, or when it strikes, to
assist in the recovery, of the
individual.

The Province of Alberta has
attained a favorable financial
position, the advantages of
which are being shared by all.
As a result, Government ser-
vices are being offered on a
scale that was financially im-
possible a few years ago. This
is particularly true in regard to
public health services.

Ten years ago the Govern-
ment of Alberta spent \$3,285,-
000 on public health. During
1954-55 the overall expenditure
increased to \$24,482,000, of
which \$2,760,000 will be refunded
from the federal treasury.

During the past ten years, public
health services have cost the
Government of Alberta more
than \$82,000,000.

What do we get for all this
money?

The expenditures which have
been made by the Department
of Health have undoubtedly
brought better health to the
people. They have, moreover,
helped relieve the financial bur-
den of those who have been vic-
tims of disease. The cost of health
services is heavy. But the value
of better health cannot be cal-
culated in monetary terms.

The department provides the
people of Alberta with a well-
rounded health program. It be-
gins with pre-natal and post-
natal care, well-baby clinics and
school health supervision con-
ducted by trained personnel in
the health units and the munici-
pal nursing districts. It stresses
prevention through intensive
immunization campaigns, and
carries on with the most effec-
tive known means of control of
communicable diseases. It provides for free di-
agnosis and treatment services for
the most serious causes of ill-
health and continues through to
hospital, medical, surgical and
dental care for pensioners and
their dependents. It is designed
to give help where help is need-
ed most and in short, to promote
better health for the people.

Public health services include
a hospitalization program avail-
able to 96 per cent of Alberta's
population with standard ward
care (when it is needed) at a
direct cost to the individual of
\$1 per day. Hospital "extras"
are available similarly for an
additional dollar per day. Mat-
ernity hospitalization up to 12
days of standard public ward
care is provided at government
expense to all mothers who are
residents of Alberta. Complete
hospital and medical services are
given those receiving pensions
and allowances. The Province
has assumed the cost of caring
for those suffering from tuber-
culosis, cancer, except cancer
of the breast, polio, cerebral
palsy and (excepting chronic
cases) rheumatoid arthritis.

Cost of the chief health ser-
vices provided by Alberta's De-
partment of Public Health for
the 1953-54 fiscal year include
the following: Hospital construc-
tion grants \$1,246,868; Tubercu-
losis Act \$1,501,802; Public
Health and municipal nursing
\$135,064; Mental Institutions
\$3,293,233; Public Health labora-
tories \$251,118; Polio-yellitis
Act \$991,477; Cancer treatment
\$320,058; Maternity Hospitaliza-
tion \$2,054,351; Health Unit
grants and costs \$355,241; Pen-
sioners' hospital and medical
services \$2,457,840.

F.U.A. PLANS NEW BUILDING

At a meeting of the F.U.A. Building Committee, held in Edmonton March 10, plans for building the new F.U.A. Headquarters were considered.

Tentative plans submitted by Mr. Ross Stanley, Edmonton Architect, were agreed upon. A further meeting to finalize them

will be held soon.

The new Farm Union building will be located upon the F.U.A. property at 9934-106 St. It will contain space for all FUA offices together with a library and board room.

Construction will be started about May 1 and it is planned to have the new Headquarters ready in October.
